There is only one way to cure Catarrhal Deafness, and that is by a constitutional remedy. **HALL'S CATARRH MEDICINE** acts through the blood on the mucous surfaces of the system. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing may be destroyed forever. Neiswanger, director of the 5th annual Red Cross roll call, announces that on account of sickness among his helpers and assistants, the date for closing the drive has been extended another week, and closes the last of this week, when it is hoped that all will have their membership fee in by that time.

Alfred Seymour finished gathering his corn crop at Meckling, S. D., in time to eat Thanksgiving dinner with the home folks. His corn crop at Meckling turned out pretty good, after being hailed out when it was about six inches high. It came up again and made a yield of about 75 bushels to the acre.

The Northwestern railroad company has applied for injunctions in all the Nebraska counties through which its Omaha line passes, to restrain the county treasurers from collecting the 1921 tax, claiming the same to be illegally assessed. A number of the taxpayers citizens of Homer have did the same in this county and their school district, for the same reason.

Three prisoners were taken to the penitentiary at Lincoln from here Friday to serve one year sentences imposed by Judge Graves at the session of district court held here last week. Those taken were Thomas Greenerow, an Indian of Winnebago Agency, convicted of forging a check on John Ashford, merchant at Winnebago, and passing it on the Farmers Exchange at Homer. Thomas Huisman and Theodore Powell, who confessed to stealing four cars—one in Sioux City, the Raymond Ream car in this place, one at Lyons and one at Fremont. The average life of a street car roadbed is said to be five years. We have yet to find out how long hard surfaced roads will stand up under heavy service by freight and oil trucks. But the tax-payers will settle the check and never know the difference.

The Dakota county jail is empty of prisoners—the first time in several months. The Huisman and Powell boys were taken to the Lincoln penitentiary last week. The two Italians who were serving a six months jail sentence for bootlegging were ordered released by Judge Graves, at the request of Commissioner Jas. J. Lapsley, who deemed it more of a punishment to turn them out in the cold, cold world than to keep them housed up here and fed at the expense of the county any longer.

Charleton Hall, one of the alleged navy deserters and auto thieves, who in company with Glenn Soss, swiped a car at Seward, Neb., and drove here to see a sweetheart of one of the pair, was released by the sheriff the past week when it was learned that the local officers would have to deliver the deserter to the naval training station at the Great Lakes in order to receive the reward of \$30 offered for his capture. It would cost more for railroad fare and other expenses to take the man there than the reward amounted to. The officers at Walthill who captured Soss after his getaway here, are up against the same proposition. If the navy authorities want the men they can probably find them sticking around easy enough.

The Popular  
"USCO"  
TREAD  
30x3 1/2

\$10<sup>90</sup>

THE American public knows that United States Tires are never marketed on "price."

People look to the makers of U. S. Tires for quality traditions. They do not want to see a policy of superiority nibbled away for the sake of a mere price appeal.

So we say this to all those loyal followers of U. S. Tires—

Do not buy the 30 x 3 1/2 "Usco" Tread because of its new price of \$10.90.

Buy it because it

is the greatest money's worth on earth today.

Buy it because of honest quality as against "bargain offers", "inside discounts" and "special trades."

An outstanding product—marked with the maker's name—the retail price quoted in plain figures.

A challenge to the tire-trader who would rather sell you an

unknown tire on the basis of "so much off list"—and let you find out its real value afterward.
